EUROPEAN FEDERATION FOR EXPLORATORY MEDICINES DEVELOPMENT

## **PROGRAMME ONLINE**

**Dear Ladies and Gentlemen, Dear Colleagues**

May we draw your attention to the high quality **programme** of the **EUFEMED online Conference 2021**. The programme with its interesting presentations guarantees an exciting conference, also on a digital level. Give yourself the opportunity to exchange know-how with a focus on the following topics:

- **How to better prepare European early medicines development for future pandemics**
- **Technology support to reduce the risks of pandemic effects on Phase1/2 trial performance**
- **OXFORD Debate - Do we really need placebo in single ascending dose studies?**
- **Trends in clinical trial designs**
- **Regulatory experiences with COVID-19 vaccine authorisations**
- **updates from researchers and service providers on particularly relevant innovations in early medicines development and on exchange of own experiences with colleagues in parallel break-out sessions**
- **Poster Presentations**

In addition, we offer our long-term **industry partners** an interactive parallel track with their own scientific and methodological presentations. Further information to follow separately.

The detailed programme is published on the [Conference Webpage](#).

We thank for the commitment of all **speakers** especially from the authorities:

- **European Medicines Agency EMA**
- **Federal agency for medicines and health products FDA**
- **Federal Institute for Drugs and Medical Devices BfArM**
- **Medicines and Healthcare Products Regulatory Agency MHRA**
- **Ministry of Health of the Russian Federation**

[Guide me to the programme now](#)

We look forward to your registration, starting Today 22/2/2021, for our EUFEMED Conference 2021!

With kind regards

**The board of AFPT-Le Club Phase 1 on behalf of**

**Yves Donazzolo**
