Metro | Line 6, Bir Hakeim

Bus | Lines 42, 69, 82 and 87

Taxi | One taxi station next door

Paris Airport Shuttle « Le Bus Direct » Station « Tour Eiffel »
(18-20, rue Jean Rey)

SUGGESTED ACCOMODATION

- Eiffel Seine hotel, 3* | 3, bld de Grenelle, Paris 15
- France Eiffel hotel, 3* | 8, rue St Charles, Paris 15
- Campanile Paris 15, 2* | 30, rue St Charles, Paris 15
- Pullmann Paris Tour Eiffel, 4* | 22, rue Jean Rey, Paris 15
- Mercure Centre Tour Eiffel, 4* | 20, rue Jean Rey, Paris 15

PROGRAM

DAY 1

-

THURSDAY

JUNE

16th

08:30 Registrations open
09:00 Welcome coffee/tea

Session 1 | Physiologic Based Pharmacokinetic (PBPK) / Quantitative Systems in Pharmacology (QSP): a new paradigm in drug development

Chair: Henri Caplain

9:00 Opening session/ Welcome introduction from AFPT-Le
9:10 Club Phase 1 President
Henri Caplain, France

9:10 Breathing new life into FTH Dose Predictions using
9:50 Inhaled PK/PD modelling
Simon P Teague, GSK, UK

09:50 PB-QSP Diabetes Platform: PBPK-based individualization
10:30 of multi-drug treatment regimens
Pavel Balazki, EsqLABS, Germany

10:30 - 11:10
Refreshment Break

11:10 T-Cell-Dependent Antibody Response (TDAR) assay with
12:00 Keyhole Limpet Hemocyanin (KLH), its use and potential in early development for immunomodulating compounds and assessment of immune competence
Matthijs Moerland, CHDR, The Netherlands

12:00 Application of DILIsym, a Quantitative Systems
12:40 Toxicology Software Platform, in the Early Assessment of CGRP Receptor Antagonists (Migraine) for Liver Safety (Visio from US)
Kyunhee Yang, DILIsym Services, SimulationsPlus, US

12:40 - 14:00
Lunch

Session 2 | Innovation in Clinical Development
Chair: Lionel Hovsepien

14:00 Introduction to master protocols, potential opportunities
15:00 and challenges
Christophe Massard, Unicancer, France
Marie Hospitel, Sanofi, France

15:00 Remote Site Monitoring - Challenges and Solutions (Visio
15:40 from US)
Teri Callaway, PPD, US

15:40 - 16:10
Refreshment Break

16:10 Recent advances towards fit-for-purpose biometric
16:50 monitoring technologies in early clinical development
Virginia Parks, Servier, France

16:50 Artificial Intelligence and emerging technologies in
17:30 translational and clinical research, what are the potentials and challenges?
Frédéric Commo, KPMG, France

18h30
Cocktail dinner along the
Seine

PROGRAM

DAY 2

-

FRIDAY

JUNE

17th

09:00 Registrations open
09:15 Welcome coffee/tea

Session 3 | New Regulatory and Ethics Challenges
Chair: Virginie Esposito

09:15 New clinical trial portal and Clinical Trials Information System (CTIS)
09:45 French Health Authorities, France

09:45 Regulatory challenges of medical device development and evaluation
10:30 Cécile Vaugelade, Julie Oheix, SNITEM, France

10:30 - 11:00
Refreshment Break

11:00 Viral Challenge test studies
12:30 1. Scientific and legal overview of viral challenge studies
Pierre Buffet, Anne-Laure Morin, Institut Pasteur, France
2. Medical overview and lesson learned from a clinical pharmacology unit on influenzae, and malaria manufactured challenge test
Katrín Van Leuven, Eveline Vanhaesebrouck, SGS, Belgium
3. The C in Covid stand for challenge; challenges and opportunities during the world's first SARs-Cov-2 human challenge
Robin Rogiers, hVIVO, UK
4. Ethics aspects
François Chappuis, CNCPP, France

12:30 End of the Conference

12:30 - 14:00
Lunch

EXHIBITION

Association Française de
Pharmacologie Translationnelle
Le Club Phase 1

The exhibition will be held in the main auditorium (6 stands)

EXHIBITION SPACE (9sqm / 3m x 3 m)

2,000 euros

Space is suitable for pop up or table top stands. Maximum stand height: 3 m

Exhibition space includes:

- Exhibition floor space
- One table (2.5 m) and two chairs
- 2 complimentary registration to the conference including access to all scientific sessions and conference materials
- Tea, coffee and lunch (2 days) for 2 company representatives
- Cleaning of the exhibition stand area
